# FANTASEE LIGHTING

Kevin

Thanks again for the great job you did this year on our Harley-Davidson program.

When we made the transition to Fantasee, we were a bit apprehensive, since we were already running a successful program. But we also knew we wanted to raise the bar and needed help to do so.

Our team was ecstatic over the creativity, capacity and professionalism of your crew and the quality of your technology.

And it showed.....with better service, better price, better program, better results.  
Our client is happy. We're happy....and looking forward to a long term relationship with Fantasee.

Terry Terry  
Producer  
Harley Davidson Tour

## Look at the mail we have received !

Hello

I wanted to say a heartfelt thank you to all of you - and all of your team members - who helped pull off an excellent event last night. Thank you for your incredible hard work in loading in and getting set up on such a tight time schedule. Thank you for your flexibility and going above and beyond to make last minute changes happen. And thank you for executing a great event with little rehearsal time. The clients were very pleased with the outcome!!

Kevin - what can I say? The clients thought the room was an absolute piece of art. Your team did a great job making the museum look spectacular. Kudos to Jimi, Brian and the rest of your team.

This year's event was truly a team effort - and I thank you for making it such a great success. Please forward this to all the appropriate people – who made a difference on this show. My thanks extends to each person that lended a hand.  
See you on the next show :)

Hi Barb

I just wanted to take a minute to thank you and the team at Fantasee for the terrific job you all did for Super Bowl XL. With four venues and all the hoopla that traditionally surrounds Super Bowl you and your team preformed flawlessly! Form the planning stages through the execution of the events. Fantasee was able to be creative, efficient, and able to come up with cost effective solutions to some very sophisticated lighting challenges.

It has been an absolute pleasure.

Please thank the whole team for me.

James Price / Producer

Brian

I just wanted to say that it was a pleasure to work with you and the Fantasee team. Everyone at Fantasee did a stellar job making sure that we had everything we needed despite the pressure of so many events going on at the same time. Everyone always had a great attitude, which counts for a lot, and was truly concerned about the outcome of the event. I should be so lucky with every event. Kudos to all!

Thank you for giving me the opportunity to once again work with you and I hope that with this rebirth of Fantasee I will have the privilege again in the near future.

Best,

Greg Guarnaccia, LC IES Lighting Designer

Hey Barb-

Thanks for everything. Tom and Nate were TERRIFIC. Please pass on my most sincere gratitude... for their knowledge, talent and willingness to just pitch in and problem solve.

David Corwi / Mega Vision Arts

FANTASSEE  
LIGHTING

Brian,

I would like to thank you and your staff for the outstanding services and in recognizing my needs to complete the project on Saturday - it blew my client away. You took care of my needs and were still able to work within my budget. If we didn't have your staff to expedite this job, this may have never been done. Please extend to your crew, including your sub-rental labor that evening how impressed The Ritz-Carlton, Dearborn was with their professionalism during such a stressful time. Thank you....Thank you....Thank you! I look forward to working with you again in the future.

Vince Blasky  
Director of Audio Visual  
The Ritz-Carlton, Dearborn

Brian-

I told you we would be done by 4:30!!!! I run a tight ship.

Wow, I think the lights were down in record time too. Your guys were packed up and gone before 6PM, amazing.

Thanks you for your professionalism, and promptness. Your staff was great. Chris was fabulous, and just so nice. So was the other fellow (I don't recall his name)

I look forward to working with you all again, and thanks once more for your efforts.

Barb Kolling  
Ann Arbor Figure Skating Club

# FANTASSEE LIGHTING

A Detroit based firm providing services since 1976

We continuously upgrade our inventory by replacing older equipment with new, including cable, trusses, rigging and power distribution. The latest in automated lighting, controls and LED systems expands even further our abilities to service your needs.
